Fire Bill.

In case of an Alarm of Fire. the Drummer will instantly beat to Quarters. The Fire-men will fill their buckets from about their Guns with water. The 1st & 2d Captains of Guns will man the engine & bring it amidships on the Gun Deck. Guns Nos 5 & 11 & opposite will be run in. The 1st part of the first Division will form a line for passing water. from port No 5 on the Starboard Side - to the Fire as before. the 2d part from the opposite port to the same place.

The Sailor Carpenter mate & Two Smith Coopers crew will lay the two pumps on the Scuttle in the Sick Bay. & prevent the Draught of air through the Fore passage.

The 2d Lieutenant will repair to the Fore passage & superintend in that Quarter.

The 3d Lieutenant will command on the Gun Deck.

The Carpenter & Armourer will attend in rigging the Engine. The Capts of 2 Capts of ~~the~~ guns of the 1st Division will stand along the Engine Hose. The Capts of 2 Guns 3d of 2d Division - hand along the Suction Hose. The Capts of 2 Guns of 3 Division hand along the leading Hose. The Capts of 2 Guns of Spar Deck Divisions will man Brakes.

Should the Fire be forward the Suction Hose will be led through Port No 5. — if aft through Port No 11. —

The Carpenter will direct the Pipe to the Fire

Wm Shipley Carpenters Mate, will attend the boring cock. The 2d Division will stand ready to pass Water from the Main Deck Pump to such part of the Ship as may require it.

The 1st part of the 3d Division will form a line for the purpose of passing water from Sl. part of No 11 - into the Cock-pit Steerage or Ward room as the case may be the 2d part from part No 11 Lg to the same point.

The 4th Lieutenant will Repair to the Cock pit & superintend in that Quarter.

The passage men will keep their Stations as at Quarters.

The Gunner must be ready to Drown Magazine

The Marines will be Drawn up on the 2d Deck.

The rest of the crew Repair to their Quarters.

Clearing Down

The a watch and at All Hands

The Petty Officers will go to Main Stations for Stays — Those to let go the main Tack and the bowlines will lower the Sail[s] Fore Top sail halliards, Those to Stopper and belay the main Tacks, will lower the Stay[s] Fore Top Sail halliards

---

The Fore Castle men Stationed to let go the head bowlines, in Stays, will let go the Fore Top. bowlines

---

The Quarter Gunners Stations, to let go the main Top & Top Gt. Bowlines," in Stays will clear away the main Top. bowline

---

The Quarter Gunners Stationed at the lee head braces, in Tacking, will double and together with Mast.men, Lead out and attend both the Fore Top Sail braces

---

The Quarter Masters at the lee main Top Sail & Top Gall. Braces in Tacking, will also double, and lead out and attend the main Top sail braces

---

Clewing Down continued

The Captains of the Afterguard, and Quarter masters, at the lee main braces in Tacking will lower and lead out the main Topsail halliards, the Quarter master at the Starb.d halliards, the Captains of the Afterguard at the Larb.d halliards

---

The Quarter master at the Com.d will see the Mizen Topsail halliards, attended to by two of the afterguard, at the Spanker Sheet, who will be designated

---

Two of the quarter Gunners, Stationd at the head braces, in Tacking, will be selected to attend, both Mizen Topsail braces, and to clear away the bowlines

---

The Fore Castlemen will clew down the Fore Topsail

The Afterguard at the main brace in tacking will round in the weather Fore Topsail brace

---

The Marines will round in the weather Main Topsail brace

And all the Afterguard at the main Tack and Spanker Sheet, in Tacking will round in the lee Mizen Topsail brace

---

Clewing Down cont'd

In Keeping with a watch, all the Waisters will clew down the Main Topsail, But at all hands, the Top & Cr. and royal yard men, will not go aloft, but will man the Clewlines

---

The Apprentice boys will clew down the Mizen Topsail

To Haul out ye Reef tackles and Buntlines

The yards being down, The marines wch man the weather reef tackles. first, and afterwards the buntlines on the same side

The afterguard from the Low Topsail brace. wch do the same on the lee Side

The afterguard from the lee mizen Topsail brace, wch divide, those from the Spanker Sheet to the lee reef tackles, and those from the main Jack, in Jacking" the weather reef tackles and afterwards the buntlines

The Low Castlemen wch divide, to the Low Topsail reef tackles, and the Petos wch haul up the buntlines, with the clew garnets at which they are stationed in Jacking at night if the Low castle Petos are not call'd the Low Castlemen wch do their duty
